Preface

This guide outlines the placement process for home school districts (HSD), state placing agencies (SPA), residential treatment centers (RTC), and public education agencies (PEA) in accordance with regulations under federal and state laws.

Any student placed in a residential treatment center (RTC) must be provided with appropriate educational services. Arizona statute requires that when a student is placed in an RTC, an evaluation be conducted to determine if the student has a disability and if the student is eligible for special education services. If a student is eligible, the Individuals with Disabilities Education Act (IDEA) will apply. It includes two fundamental requirements: that the child will receive a free appropriate public education (FAPE) and that it is delivered in the least restrictive environment (LRE). The public education agencies and approved RTCs are required to comply with the regulations under the federal and state laws regarding identification, evaluation, service delivery, and placement.

Questions, technical assistance, and training requests should be directed to the Exceptional Student Services–Vouchers Unit staff.

Voucher Procedure Overview

Residential Placement Initiated by a State Placing Agency

When a student enters a residential treatment center (RTC) and the placement is initiated by a state placing agency (SPA), a voucher must be generated. The RTC begins the voucher application process by contacting the home school district (HSD) and submitting the *Initial* or the *Alternate Initial Education Voucher Application*. (The *Alternate Initial Education Application* is used for students expected to be in placement less than 60 days.) The HSD is then responsible for collaborating with the RTC to determine the student's educational program while the student is in placement and for completing the *HSD Education Voucher Application* packet and providing educational records to the RTC.

Responsibilities of State Placing Agency:

Provide to the RTC information needed to complete the *Initial* or *Alternate* (less than 60 days) *Initial Education Voucher Application* including:

- Student birth date
- Parent address and phone number
- Last school of attendance
- SAIS number

Collaborate with the HSD and RTC to develop a reintegration plan for a student returning to an appropriate education program upon discharge and determine an appropriate discharge date.

Responsibilities of Residential Treatment Center:

Notify the HSD of placement and request educational records within 5 days of student entry.

Complete the *Initial* or the *Alternate* (less than 60 days) *Initial Education Voucher Application*, obtain a signature from the HSD special education director or designee, and submit the application to ADE/ESS within 10 days of student entry.

Collaborate with the HSD on the following items as appropriate:

- Complete an evaluation for students not currently identified as eligible for special education.
- Develop an IEP for students found eligible.
- Review and revise the IEP for students already receiving services.
- Invite the SPA and the HSD to meetings regarding student progress.
- Provide educational progress reports on a regular basis to both the parents and the HSD.
- Collaborate with the SPA and the HSD to develop a reintegration plan for returning the student to the HSD upon discharge and to determine an appropriate discharge date.

Provide discharge information as follows:

- Notify the HSD and the SPA if the student leaves the facility prior to planned discharge (e.g., hospitalized, ran away, detained).
- Notify the HSD immediately if the student leaves without HSD knowledge.
- Notify ESS of any discharge on a monthly basis.

Responsibilities of Home School District:

Provide educational records to the RTC in a timely manner.

Sign the *Initial* or *Alternate* (less than 60 days) *Initial Education Voucher Application* in a timely manner and return it to the RTC.

Ascertain if the student is currently receiving special education services.

- If the student is not receiving special education services, the HSD, in collaboration with the RTC, must convene a multidisciplinary evaluation team (MET) to review existing data, gather additional data if needed, and make an eligibility determination.
- If the student is determined not eligible for special education services, complete and submit the *HSD Education Voucher Application* packet with the non-special education (NSE) option checked within 60 days of student entry.
- If the student is determined eligible for special education services, write an IEP, in collaboration with the RTC, for appropriate services in the least restrictive environment (LRE) with a notation indicating the IEP will be implemented in the RTC.

Complete and submit the *HSD Education Voucher Application* packet with the care special education (CSE) or residential special education (RSE), if appropriate, option checked within 60 days of student entry.

If the student is currently receiving special education services, the HSD, in collaboration with the RTC, must convene an IEP team to review and revise the current IEP for implementation within the RTC. Complete and submit the *HSD Education Voucher Application* packet with the CSE option checked within 60 days of student entry.

Submit an *Extension of Education Voucher Application* if you are unable to complete the requirements for the *HSD Education Voucher Application* packet within 60 days of student entry. The HSD will be held responsible for payment of all educational costs if the requirements are not met. **[See A.R.S. §15-1183 (C)]**

Monitor progress while the student is in placement, participate in treatment planning and staffing, and ensure the evaluation and IEP remain current.

Collaborate with the SPA and the RTC to develop a reintegration plan for a student returning to the HSD upon discharge and determine an appropriate discharge date.

FISCAL RESPONSIBILITY OF HOME SCHOOL DISTRICT

NOTE: IF THE REQUIREMENTS FOR THE HOME SCHOOL DISTRICT VOUCHER APPLICATION PACKET HAVE NOT BEEN SUBMITTED TO ARIZONA DEPARTMENT OF EDUCATION-EXCEPTIONAL STUDENT SERVICES WITHIN SIXTY (60) CALENDAR DAYS OF THE STUDENT'S ENTRY INTO THE RTC OR A REQUEST FOR AN EXTENSION HAS NOT BEEN SUBMITTED, THE HOME SCHOOL DISTRICT SHALL BE RESPONSIBLE FOR PAYMENT OF EDUCATIONAL COST UNTIL THE DATE THE DOCUMENTATION HAS BEEN RECEIVED BY ADE/ESS.

Extension of Education Voucher

Pursuant to **A.R.S. §15-1183 (C)**, the funding of an approved *Initial Education Voucher Application* may be extended past 60 days for good cause, as determined by the state director of the division of special education or the ESS designee upon application by the home school district (HSD). When the HSD determines it is unable to complete the *HSD Education Voucher Application* packet within the 60-day timeframe, the HSD may request a one-time extension annually by submitting an *Extension of Education Voucher Application* to the ADE/ESS Voucher Program Unit.

The director of the division of special education or the designee will review the extension application and any supporting data. With good cause, the *Extension of Education Voucher Application* will be approved for 60 days. Examples of good cause may include:

- An inability to obtain parent consent for the evaluation.
- An inability to obtain a surrogate parent.
- An inability to administer assessments to the student (unauthorized absence, hospitalization, etc.).

If an extension is not approved, the HSD shall assume responsibility for payment of the educational costs while the student is in the RTC until the requirements of **A.R.S. §15-1183 (B)** are met.

Continuing Education Voucher

All vouchers expire on the last fiscal day of the current year (June 30). No separate voucher funding is provided for summer programming. If a student with an approved *HSD Education Voucher Application* will remain in placement into a new school year, the residential treatment center (RTC) is responsible for submitting the *Continuing Education Voucher Application* with the approval of the state placing agency (SPA) and the home school district (HSD). The HSD, in collaboration with the RTC, is responsible for annual IEP reviews and triennial reevaluations as needed. Prior to the beginning of the new fiscal year, the ADE/ESS Vouchers Unit will provide each RTC with a list of the students eligible for a *Continuing Education Voucher Application*.

Responsibilities of the RTC:

- Complete a *Continuing Education Voucher Application* form with the appropriate option checked.
- Obtain the HSD special education director's or representative's signature on the *Continuing Education Voucher Application*.
- Submit the *Continuing Education Voucher Application* form to ADE/ESS with supporting documentation:
 - Non-Special Education (NSE) Option: *Continuing Education Voucher Application* form only.
 - Care Special Education (CSE) Option: *Continuing Education Voucher Application* form plus the current IEP, if it has been revised since the *HSD Education Voucher* was approved.
 - Residential Special Education (RSE) Option: *Continuing Education Voucher Application* form plus current IEP with exit criteria and reintegration plan if it has been revised since the *HSD Education Voucher Application* was approved.

Responsibilities of the HSD:

- Submit the *Continuing Education Voucher Application* form and return the application to the RTC.
- Collaborate with the RTC to review and revise the IEP as needed.

Transfers and Discharges

In some situations, it is necessary to move a student from one RTC to another or to return a student to an RTC after an unplanned discharge due to an absence. If the student involved already has an *HSD Education Voucher* approval, a new complete HSD packet is **NOT** required.

➤ Return to Placement:

- Student has been withdrawn from the facility for any reason other than a planned discharge (e.g., AWOL, hospitalization, detention).
- Student is returned to the same facility within the period of the existing voucher approval.
- Complete and submit a new *Initial Voucher Application*. No new HSD packet is required.

➤ Transfers:

- Student is transferred from one residential treatment center to another by a state placing agency.
- Transfer takes place within 24-hour period.
- New facility must be on approved list.
- Complete and submit a new *Initial Voucher Application*. If HSD approval already exists, **ONLY** new HSD Application, IEP as reviewed with new facility, and PWN must be submitted.

RTCs have the responsibility to notify others parties in the event of a discharge as indicated below:

➤ Discharge Notifications:

- If a student leaves the RTC prior to planned discharge, the RTC must notify the SPA and HSD immediately.
- If a student is discharged by the SPA without collaboration with HSD, the RTC must notify the HSD immediately.
- If a student is an RSE placement, discharge is determined by IEP team decision **only**.
- RTC must report all discharges to the Voucher Unit Education Program Specialist at ADE/ESS on a monthly basis, no later than the 10th of the month following discharge. This notification is in addition to entering the withdrawal date on the online claim form.

Dear Special Education Director:

Attached please find an *Initial Education Voucher Application* for _____. This student entered our residential treatment facility (RTC), and it has been determined that your district is the home school district (HSD) for this student. The term "home school district" refers to the school district that is fiscally responsible for the student's education as determined by the Arizona Department of Education (ADE) guidelines. This voucher will allow ADE to pay the educational costs of this placement.

Please complete section three (3) of the application and submit it to ADE within ten (10) days of the student's facility entry date. Additionally, please ensure that you mail or fax our facility a copy of the signed application as well.

In addition, as the home school district, you are responsible for submitting an *HSD Education Voucher Application* and required documentation to ADE within sixty (60) calendar days of the student's entry into the RTC. Failure to submit this information, or a request for extension within that timeframe, will result in your HSD's assuming responsibility for the payment of educational costs through the date the voucher documentation is received by Exceptional Student Services within ADE.

Part of the HSD packet requires convening a multidisciplinary evaluation team (MET) and conducting an evaluation to determine eligibility for special education. Please contact _____ to schedule the MET or IEP meeting, as RTC personnel are required to participate.

Finally, please provide our center with your preferred contact's name, phone number, and e-mail address to assist us in expediting communication. With this information provided, we can notify you of the student's exit date from our facility along with other communications in a timely manner.

It is a pleasure to coordinate with you in order to ensure the proper delivery of educational instruction to our students.

Thank you,
